

Angkab Doi. (2561, July), Money flows, gold flows (Syngonium), popular auspicious plants : Home and Garden. 45 (539) : 115-116

It's a hugely popular hit for a wide variety of foliage plants and cultivars. Especially the wood that has many shades. The more funny names enhance the fortune The more popular it is cultivated together. Leaves in the family Bon (Araceae) genus Syngonium (Syngonium), our house is known as "Money flow, gold flow", the common name is called (Arrowhead Plant) because the leaves are arrow-shaped.

**Silver flowing**, scientific name Syngonium podophyllum Schott, was the first type of syngonium to be cultivated as an ornamental plant. When young, the leaves are heart-shaped, the tip is slender, when mature, the leaves are wavy, concave palms. Leaf plates larger than 30 centimeters are resistant to sunlight.

**Silver flowing 'Emerald Gem'** or flowing gold, scientific name S. podophyllum 'Emerald Gem', leaf plates light green to dark green, white speckled.

**Money flows 'Glo Go'** scientific name S. podophyllum 'Glo Go', green leaves. There are yellow spots along the veins.

**Money flows 'Pink Allusion' or Omnak'** scientific name S. podophyllum 'Pink Allusion', pink leaves.

Syngonium is commonly grown as an ornamental plant. It is believed that whoever planted it will bring fortune and property to have money to spend. As the nature of the long wiggle of the trunk and break out into a new tree. It is a plant that is easy to grow, grows quickly, can be grown in any soil that is moist.
