Abstract

Presenting content about Never-ending reinforcement: A history beyond textbooks takes a look back at the millennia-long evolution of women's essentials, the bra. The best destinations of 2025 From remote island adventures to cities full of new museums and galleries to tropical sailing, here are 25 of the hottest destinations and experiences of 2025. Wrecked expeditions The crew and their determined search team braved the harsh seas to find explorer Ernest Shackleton's Endurance ship beneath the Antarctic ice. Ancient forests in search of the ultimate tea High in the mountains of China, native white tea growers are clinging to ancient methods, challenging modern agriculture and producing record-breaking premium teas. Go behind-the-scenes with New Zealand's predator eradication program, the world's most ambitious conservation experiment, now underway in New Zealand to protect the country's most precious birds. The goal, especially for Kiwis, is to eradicate a key invasive predator. Clues from Artid Cave Intrepid climatologists venture into an unexplored cave system in northern Greenland where surprising evidence from the distant past may provide new insights into our warming future.
