### Abstract

Presenting content about A new initiative to celebrate people who are making positive change for the better, The National Geographic 33 honors 33 visionaries, inspirations, creators and adventurers who are finding ways to meet the pressing challenges our world faces and inspiring us to take action. Get to know the world-changers featured in this issue and learn more about their work at [natgeo.com/ings](http://natgeo.com/ings). Issue 285 Survivors of the Dinosaurs Sturgeon survived countless threats for more than 160 million years until humans pushed them to the brink of extinction. Is this really the Holy Grail? A cathedral in Spain believes that an artifact in its possession is the Holy Grail used by Jesus during his Last Supper. Article 69 and the future of the Thai seas: The mission to find young fish under the lights. When civic conservationists rise up to protect the abundance of the Thai seas. Unraveling the Congo Mystery For decades, one of the world's largest rainforests has been invisible to climate science until now.
